LA COUNTY SHERIFF'S DEPARTMENT MARCH 2010

Eat Healthier!

Food, Nutrition and Health Tips from the American Dietetic Association

March is National Nutrition Month! Here are tips to help you eat healthy when eating out.

1. Think ahead and plan where you will eat. Consider what meal options are available. Look for restaurants or carry-out with a wide range of menu items.

2. Take time to look over the menu and make careful selections. Some restaurant menus may have a special section for "healthier" choices.

3. Read restaurant menus carefully for clues to fat and calorie content. Menu terms that can mean less fat and calories: baked, braised, broiled, grilled, poached, roasted, steamed.

4. Menu terms that can mean more fat and calories: batter-fried, pan-fried, buttered, creamed, crispy, breaded. Choose these foods only occasionally and in small portions.

5. Order the regular or child-size portion. Mega-sized servings are probably more than you need. For a lighter meal, order an appetizer in place of a main course.

6. It's OK to make special requests, just keep them simple. For example, ask for a baked potato or side salad in place of French fries; no mayonnaise or bacon on your sandwich; sauces served on the side.

7. Hunger can drive you to eat too much bread before your meal arrives. Hold the bread or chips until your meal is served. Out of sight, out of mind!

8. Think about your food choices for the entire day. If you're planning a special restaurant meal in the evening, have a light breakfast and lunch.

9. Limit the amount of alcohol you drink. No more than one drink for women and two for men. Alcohol tends to increase your appetite and provides calories without any nutrients.

Wednesday, March 17, 2010, 12:00pm to 1:00pm
LASD Headquarters, Media Conference Room

Eat Healthier!

Continued from page 1

10. Tempted by sweet, creamy desserts? Order one dessert with enough forks for everyone at the table to have a bite.
11. Split your order. Share an extra large sandwich or main course with a friend or take half home for another meal.
12. Boost the nutrition in all types of sandwiches by adding tomato, lettuce, peppers or other vegetables.
13. A baked potato offers more fiber, fewer calories and less fat than fries if you skip the sour cream and butter. Top your potato with broccoli and a sprinkle of cheese or salsa.
14. At the sandwich shop, choose lean beef, ham, turkey or chicken on whole grain bread. Ask for mustard, ketchup, salsa or lowfat spreads. And, don't forget the veggies.
15. In place of fries or chips, choose a sidesalad, fruit or baked potato. Or, share a regular order of fries with a friend.
16. Enjoy ethnic foods such as Chinese stirfry, vegetable-stuffed pita or Mexican fajitas. Go easy on the sour cream, cheese and guacamole.
17. At the salad bar, pile on the dark leafy greens, carrots, peppers and other fresh vegetables. Lighten up on mayonnaise-based salads and highfat toppings. Enjoy fresh fruit as your dessert.
18. Eat your lower-calorie food first. Soup or salad is a good choice. Follow up with a light main course.
19. Ask for sauces, dressings and toppings to be served "on the side." Then you control how much you eat.
20. Pass up all-you-can-eat specials, buffets and unlimited salad bars if you tend to eat too much.
21. If you do choose the buffet, fill up on salads and vegetables first. Take no more than two trips and use the small plate that holds less food.
22. Load up your pizza with vegetable toppings. If you add meat, make it lean ham, Canadian bacon, chicken or shrimp.
23. Look for a sandwich wrap in a soft tortilla. Fillings such as rice mixed with seafood, chicken, or grilled vegetables are usually lower in fat and calories.
24. Build a better breakfast sandwich: replace bacon or sausage with Canadian bacon or ham and order your sandwich on a whole grain English muffin or bagel.
25. Be size-wise about muffins, bagels, croissants and biscuits. A jumbo muffin has more than twice the fat and calories of the regular size.
26. Try a smoothie made with juice, fruit and yogurt for a light lunch or snack.
27. Refrigerate carry-out or leftovers if the food won't be eaten right away. Toss foods kept at room temperature for more than two hours.
28. Grabbing dinner at the supermarket deli? Select rotisserie chicken, salad-in-a-bag and freshly baked bread. Or, try sliced lean roast beef, onion rolls, potato salad and fresh fruit.

Quick Power Breakfast Ideas

- Instant oatmeal with milk instead of water. Mix in raisins or dried cranberries. Top with chopped walnuts.
- Low-fat yogurt with your favorite crunchy cereal and sliced fruit or berries.
- Mix up a breakfast smoothie made with low-fat milk, frozen strawberries and a banana.
- Top a bowl of whole-grain cereal with blueberries, sliced peaches or any favorite fruit. Pour on low-fat or fat-free milk.
- Top a toaster waffle with low-fat yogurt and fruit.
- Stuff a whole-wheat pita with a sliced, hard-cooked egg and low-fat shredded cheese.
- Spread a flour tortilla with peanut butter. Add a whole banana and roll it up. Enjoy!
